Customer Reviews

This book came to me when I was having what felt like a streak of bad luck. Before that I'd been doing well with my manifesting adventures. Not always smooth sailing or buckets of funâ "but, one year after beginning on the path of manifesting, I'd had some significant desires answered by applying well-known manifesting principles. Getting into the wrong mindset created my streak of bad luck. And then more experiences that felt bad kept coming at me as if I had a magnet stuck to my body. When I read this book I was a little desperate for some help. First of all, Blair's book reminded me that I'd created my run of bad luck with my thoughts. This was not news, but I needed to be reminded. The way the author delivered that reminder felt fresh and friendly. Reading the book helped me switch from less desirable attracting thoughts to better ones. I read it in two sittings and could notice a beneficial effect just from reading. But it was when I started putting the nine strategies into play that I really noticed it helping. The thing I love about the nine strategies is that they get you so absorbed in your exploration of them, you automatically get into a better manifesting mindset. For example, when I worked with Mindset Strategy #8 (Wear a "Magic" Manifestation Talisman) it renewed an interest in talismans I'd had years before. I'd given up on it because the energy that whatever talisman I bought was supposedly saturated in never did a thing for me. Reading Strategy

#8 made me realize I'd been approaching it from the wrong angle. Following my intuition after I read that chapter, I went on a fun journey of discovery and found the talisman that feels right for me.
