Customer Reviews

We wanted to capture all the stories of our parents for our new daughter. We read all the reviews and still could not decide which grandparent memory book would be best. We ordered Memories for My Grandchild, Grandmother's Treasures: Reflections and Remembrances, For My Grandchild: A Grandmother's Gift of Memory (AARP), and A Grandparent's Legacy.This book, Grandmother's Treasures: Reflections and Remembrances, is a nice square size and less than a half inch thick. It will look nice on the shelf next to other children's books and will be easy for a young grandchild to pick up and read. It is hardcover and the pages are bound into the spine of the book. The pages are shiny, appropriate for pen only, and adorned with cute borders and drawings. Each section of life is given a two-page spread. There are sections for childhood, school, relationship/marriage, starting a family, info on the grandchild's parents, and about the important bits of wisdom that the grandmother wants to pass on to the grandchild - favorite quotes, lessons, places to visit, etc.
