Customer Reviews

This is an awesome comprehension about Adrenal fatigue. This book not only contains proven steps and strategies on how to identify Adrenal fatigue but also puts you back on the way to vitality. Adrenal fatigue Syndrome no respecer of age, activity or lifestyle. It can affects students, young parents, athletes, the stressed office workers, or the newly- retired person. At its simplest, the cause is being under long-term mental, emotional, or physical stress. The death of loved one, major surgery, severe or constant stress, even a serious attack of the flu can affect the adrenal glands and hormones that they produce. It's a worth reading, so I will recommend this book to my near and dears.

I like the books simplicity. I'm all about the natural solutions to almost every problem regarding my health. I've done so much these last 2 years and I needed a reminder of how to take care of myself. After reading this book I know what to do, for me it's about my sleep and mental calmness, but there was a lot of more tips in the book. I recommend it.

Very interesting and useful book. I learned a lot. Good advice from the author. Health is important for the person. Therefore, it is a very useful guide. I am glad that bought and read this book. I recommend to all who want to be healthy and happy.

I enjoyed the reading very much. Its book is a good source of some useful information. This book discuss about a major disease or condition that faced by the people in our society, Adrenal Fatigue . Adrenal Fatigue Syndrome is no respecter of age, activity, or lifestyle. Tension , Stress etc. are the main symptoms of Adrenal Fatigue. This book contains proven steps and strategies on how to identify Adrenal Fatigue, which is one of those officially "non-toxic" ailments which affect thousands of people and ranges from perpetual tiredness to being totally debilitating. Through this book, you will learn, So What Is Adrenal Fatigue , What Are The Signs and Symptoms of Adrenal Fatigue, Adrenal Fatigue What Causes It ,Who Is Most Susceptible To Adrenal Fatigue , Adrenal Fatigue The Effects Of Lifestyle And Nutrition , Natural Methods Of Treating Adrenal Fatigue Adrenal Fatigue Eating Guidelines. This book is a nice reading. This book is best recommended for those who suffer Adrenal Fatigue.

This book is very much informative and well written. I have learnt a lot of things about how I can get adrenal fatigue, and how can I avoid this. In this book the author discussed a lot things about the different symptoms, causes, changing your diet, and treatments as well. If you have been exhausted for months and you can't recognize your reason of illness or already got some treatment but not get any improvement then I will suggest you this book to read I hope you will find some help from here like me. Thanks to the author!!

one of my friend was sufferening from adrenal fatigue and when i heard of this i was shocked as i never knew such a thing existed. this book helped me understand a lot of details about adrenal fatigues, causes symptoms and ways to prevent this situation. this is a very insightful book and gives vast information on the subject matter.

Adrenal fatigue is such a headache (pun intended). This book doesn't only provide advice on how to overcome adrenal fatigue, which btw were very effective, but most importantly, it digs deep on the cause and how to avoid it all together. Will definitely recommend this to my friends.

This book really opened my eyes! For a long time I had symptoms, described in this book, but I've heard about Adrenal Fatigue Syndrome before I opened it. This book really helped me to sort everything out and reduce the stress level. I think, in this busy stressful world a lot of people suffer AFS and don't even realize it. That's why such books as this one is very important.H
