Dark Magic (Harbinger P.I. Book 3)

Synopsis

Zombies on Main Street. Not my finest moment. The police aren't exactly thrilled with me, but when a cold case heats up and starts to stink of the supernatural, suddenly the sheriff is in my office offering me a job. When the case hits boiling point, I'm dealing with monsters, black magic, and ritual killings. I even have to call on the two craziest witches in town for help. Things must be bad if the Blackwell sisters are my only hope for survival. Maybe I've bitten off more than I can chew. After all, those who fight monsters should beware that the monsters aren't frog-faced, soul-eating demons.

Customer Reviews

Dark Magic, a Harbinger, P.I. novel by Adam J. Wright. Hmm. Short books. However, I've enjoyed the three books currently released and understand another is on the way. In this episode, Alec and company have returned. Mallory left at the end of the last episode with a one-year-to-live curse weighing heavily on both her and Alec's minds. Alec has just experienced his first (in memory) magical flash, and, after Mallory drives away, finds himself so sapped of energy that he collapses on his front lawn, in the rain. And that's where Felicity, having decided to return to the U.S. after all,

finds him. Once recovered, his only case is Amy Cantrell's request to investigate the Clara church where her mother and 12 others were murdered. But before he can get much of a handle on that case, her father appears in his office, surprisingly asking for Alec's help in a cold case file, the disappearance of a woman some three years past. She disappeared at the lake nearby to the Clara church and Alec immediately wonders if there is some connection. Also, someone is breaking into his office and his home but all that is stolen is a grimoire of black magic rituals. What's the connection? Are these seemingly unrelated incidents actually related? Alec and Felicity are on the job. The writing continues to be well plotted and well paced, with a nice mix of action and interpersonal relationships. Well edited and proofed, with, I believe only one noted slip up. I did, however, struggle with how to rate this one. There was a problem, having to do with Alec and his cronies not being able to figure out who might be the 12 knights for sacrifice when it seemed pretty transparent to this reader.
